VIVINT SMART HOME ARENA

Salt Lake City, UT (Tuesday, March 27, 2018): The wait is over! **Jimmy Buffett & The Coral Reefer Band** is returning to the Vivint Smart Home Arena for one night only with the **Son Of A Son Of A Sailor Tour** on Wednesday, October 17 at 8:00 PM. Tickets go on-sale Friday, April 6 at 10:00 AM.

“It is a privilege to welcome back Jimmy Buffett & The Coral Reefer Band to Salt Lake City for his return to the newly renovated Vivint Smart Home Arena. Twenty-seven years have passed since he last performed in Utah when this venue opened, and we are excited to bring this legend to our stage for a memorable night,” said Jim Olson, president of Vivint Smart Home Arena.

Jimmy released his famous *Son Of A Son Of A Sailor* LP in 1978, and sang the title track on Saturday Night Live that year. The song was written about his grandfather, James Delaney Buffett, Sr., who was a huge influence on his life. This year is the record's 40th anniversary and in celebration of that, the summer tour is called **Son Of A Son Of A Sailor**. The record also includes the hit, “Cheeseburger In Paradise,” a Parrothead favourite, as well as “Livingston Saturday Night” and “Cowboy in the Jungle.”

The long-awaited Margaritaville musical, "Escape to Margaritaville," had its world premiere in La Jolla, California, and has made pre-Broadway stops in New Orleans, Houston and Chicago. It opened on Broadway in New York at the Marquis Theatre on March 15, 2018. The original Broadway cast recording of the musical was recently released.

Jimmy has a new and very special project just released titled *Buried Treasure*. As Jimmy describes it: “*Buried Treasure* is a unique collection of songs that I wrote in the early days of my career and recorded in Mobile and in Nashville. When we first found the tapes of *Buried Treasure*, I didn’t know that it would turn out to be such a unique situation where I’d actually get to honor and introduce the people who started me out.” *Buried Treasure*, Volume 1 was recently released on Mailboat Records in standard and deluxe packaging.
